

AMNESTY INTERNATIONAL

Helping raise awareness of Human Rights

STORYTELLING AT THE CASA

29 Hope St, Liverpool L1 9BQ

Tuesday 12th February 2019 7.00- 9.00 PM

The value of storytelling, it's not just for kids!

A story is a narrative that helps us to relay lessons and warnings, portray dreams of what the future may hold or makes us think about the challenges we face in the present. Story telling allows us to reflect on the past and better understand the world we live in; the pleasures and rewards, the inequities and injustices. Stories can help us to better understand human experience and strive to live together with dignity and respect for each other.

So we invite you to come along and let us hear your story, poem or song on the theme of Human Rights. It's fine to read someone else's work and people coming just to listen are important too. Everyone is welcome.

- Time is limited and therefore ideally all entries should be no longer than 7 minutes (1000 words or so) and we will have to be strict about this
- If you have a longer story, poem or song, you would like to present let us know by the 4th February
- Those who write but prefer not to read should let us know in advance and we may be able to find a reader for you.
- If you are stuck for ideas to get you started check out Amnesty International org, or Google 'Hostile environment'
